To Our Customer,

In response to your request for information regarding EU-Directive 2011/65/EU (RoHS 2), to the best of our knowledge, all Freelin-Wade tubing products, exclusive of fittings and accessories, are not intentionally manufactured or formulated with the following substances:

Lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls (PBB), polybrominated diphenyl ethers (PBDE).

Minimal levels established in the 2005 RoHS Directive still apply under Article 4(2), Annex II: 0.1% by weight in homogenous materials for lead, mercury, hexavalent chromium, polybrominated biphenyls and polybrominated diphenyl ethers; 0.01% by weight in homogenous materials for cadmium.

Please be advised that we do not analyze for these substances.

Regards,

FREELIN-WADE CO.

A Coilhose Pneumatics Company

Freelin-Wade Co. is not liable for consequential or other damages, including, but not limited to personal injury, damage, loss or any other expenses directly or indirectly arising from the use of, or inability to use its products, either separately or in combination with other products. All other warranties expressed or implied, whether oral or written, including but not limited to warranties for fitness or merchantability for a particular purpose are expressly excluded.
